DETAILED ACTION

Priority

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Allowable Subject Matter

Claims 1, and 3-23 are allowed.

The following is an examiner's statement of reasons for allowance: **The primary reason for allowance is that prior art does not teach, in combination with the other limitations of the applicants claimed invention as it pertains to a single substrate heat processing apparatus, a distribution member disposed within a flow passage of a heating gas supply and having structure in which ventilation directions are substantially random to form a turbulent state of the heated gas. Of note, Japanese reference (Pub No. 09-008108) was not descriptive enough and appeared to lack specific structure to be used as a potential reference.**

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
